

Thank you for taking a moment to learn about the band **Resurrection Larry**. Named in homage to Chicagoland's famous hitch hiking spirit "Resurrection Mary", **Resurrection Larry** has been rocking Chicago since 2010. Described by the Chicago Tribune as "Pink Floyd vs Led Zeppelin in a bar fight on Mars", **Resurrection Larry's** music combines complex musical arrangements with soaring vocals and instrumental savvy. Add the bands wickedly sophisticated and subtle humor and crowd appeal and you have a musical entertainment package perfect for the Chicago music scene. **Resurrection Larry's** crowd is a mirco brew/cocktail drinking, server friendly foodie bunch that at times can be as much of a show as the band.

Resurrection Larry presents a blend of classic and current hits mixed with their own brand of rock for a complete theatrical show. **Resurrection Larry** can perform shows from 50 minutes to three sets or a rocking 90 minute headline show. We can perform a 100% all original material show or if your crowd enjoys covers we cover everything from *Alan Parsons to Muse to Blondie to Maroon 5 to Pink Floyd to Pat Benatar to Hailstorm to Tom Petty to AC/DC* and beyond. **Resurrection Larry also performs a multimedia film noir show intermingling classic film noir motifs and theater with a hard boiled private eye story line.**

Please take a moment to view our website. Watch the videos (some past members included) and listen to our songs. Listen to what the press is saying about **Resurrection Larry**. See where we've performed and where we are going. It's a party out there. Be there or be nowhere.

We are currently looking for new suburban and Chicago venues. We are on time, without drama and have very good relationships with club owners, sound folks and talent buyers. We entertain the crowd.

Thank you again, and the best to you.
